REPUBLICAN ARCH ASHAKEN

The returns from PENNSYLVANIA, are of the most GLORIOUS and CHEERING character, and indicate the TRIUMPH OF DEMOCRACY in the SEY-STONE State, by an UNPRECEDENTED MAJORITY! This result, like that of

Alabama, Missouri and Illinois, shows that the States which so nobly stood by Van Buren, in 1836, are yet true to their ancient prin-

Naylor's pretended majority in this district, in 1838, was about 800 votes. Ingersoll's triumphant majority, now, proves what the democrats have always asserted, that they were CHEATED OUT OF THEIR REPRESENTATIVE, at the last election, by the frauds of federalism.

STARTLING DEVELOPMENTS.

The Pennsylvanian contains the subjoined statement of the infamous designs of the Birtish Whigs, which we published in our postscript of yesterday, and the circumstances connected with the discovery of the letter of the notorious Madison Jeffers, High Constable of Baltimore:

"The following statement has been handed to us for publication by one of the gentlemen mentioned

Within a short time past there has been reason to believe that Mr George Riston, broker of this city, had received a letter from Madison Jeffers, Deputy High Constable of Baltimore, desiring him to procure 500 men to be sent to Baltimore, to vote at the election for Mayor on Monday next. Dear Sir,—I had a talk with our friends this morning, who inform me that you can send us 500 men here for the Mayor election next Monday week. you can possible do so use every exertion to do it, for as regards the Mayor in Baltimore, it is all important to the Electorial vote in the State.

The men that you send ought to hail from this city as soon as possible. You will also see the importance of this when you learn that since the taking off the last census, the council to be elected now will have the division of the wards: if they get it they may cut it up in such a manner as to prevent us from ever getting this city a-

If you should come to any conclusion in this matter, be kind enough to write me immediately. Yours, Mr George Riston, Philadelphia. M. JEFFERS.

It will be seen from the above, that the police, through the management of Mr Blaney have secured a paper which is one of much importance to the people of Baltimore and to the friends of purity of the elective franchise every where. There is corroborative evidence which goes to prove that the letter is in the hand writing of the individual whose name is appended to it, and who, it is but reasonable to infer, was acting in behalf of his party. It has long been supposed that the Whigs had a disposable force at command, which they could and did transport from place to place, as circumstances at elections seem to require, and the disclosure of this letter tend to confirm the impression. I hereby certify that within a few years past, I have had several friends who have been subject to comple, eachs and pulmonary complaints, and have also been very much promised with a comp muself. A young man who is seen tor me at New York, fell from the cars on the Hosse agent for me at New York, left from the curs on the Ros-ton and Workester Railroud about four years since, while they were running at the rate of fitner mules per hour, and received a seriour inducy, which caused him to bleed in-wardly, duily, for a year. After much persuasion, I induced him to try Mrs. Gordner's Indian Enlanm of Liverwort. He used \$\int\$ or 10 bottles, which entirely curst him; he is now as well as ever. He thins nothing but this Balaim could have saved his life. I therefore, from experience, cheerfully recommend it to my friends and the public, for coughs, colds and all pulmonary complaints, tuising of blood, &c. It is prepared and for sale by Wm.
